Sección Bilingüe

Our school has a bilingual section since 2005/2006. Our students learn Science and Art besides English in this language. Teachers try children have linguistic competences in a second language.

Since 2011 -2012 all the primary students have been incorporated to the bilingual section:

Infant children have half an hour in English every day.

Every year we celebrate festivals like: Halloween, Saint Valentine's Day, Saint Patrick's Day, Carnival, Easter, Christmas...

In our language laboratory students practice speaking and listening.
